

The Eleventh Annual
Utah Math Olympiad

Saturday, March 25, 2023
1:00 - 4:00 pm

Participation is free!
Prize money is available for the top scorers.

For more information and to register, visit www.utahmath.org.
Registration ends March 18.
Contact us at contact@utahmath.org.

Sample Problem

Prove that a cube can be cut into exactly 72 smaller cubes. (The smaller cubes do not all need to be the same size.)

Location:

The Waterford School
Math Building (400)
Library
